unika

LIVING WITH TILE WAREHOUSE

Tile Warehouse are the exclusive suppliers of UNIKA Bathware with an extensive range of quality baths, taps, shower sets, basins and toilets.

- Backed by world-class engineering and the latest European design, UNIKA commits to quality, style, and affordability. Our tapware is made from hard ceramic cartridge using advanced ceramic alloy with special coating protection.

The hard and smooth exterior maintain a consistent performance after 500,000 usages. The thick and uniform plating produces a superior smooth mirror effect and a lasting shiny finish.

- Our Baths are made from 6mm American acrylic and stainless steel frames. American standard acrylic has a durable surface with excellent thermal properties that, unlike many options on the market, retain water temperature for longer.

GLAZED TILE SUITABILITY

What you need to know

PEI 0		Glazed tiles in this class are for wall tiles only and unsuitable for use on floors.
PEI 1		Floor coverings are for use on very light-wear areas, using soft footwear, e.g. Domestic bathrooms and bedrooms without direct access from exterior areas.
PEI 2		Floor coverings for light-traffic living areas where people are using soft-soled or normal footwear, excluding kitchens, entrances and other more highly-trafficked areas.
PEI 3		Floor coverings for light to moderate traffic areas, e.g. Kitchens, hall-ways, entrance ways and balconies.
PEI 4		Floor coverings for moderate to heavy traffic . All residential applications as well as medium commercial and light institutional, e.g. Commercial kitchens, hotels, foyers and offices.
PEI 5		Floor coverings for heavy to extra heavy traffic for all residential and heavy commercial, industrial and institutional spaces, e.g. Stores, public walkways, schools, shops, hotel floors and airport concourses.

NB: These classifications are valid for normal conditions. If foot traffic and abrasion is likely to be more than normal look to use a higher PEI rated tile. All floors should be adequately protected against scratching, dirt and contaminants by ensuring a structured, formalised cleaning & maintenance programme is in place appropriate for the tile application. Please speak to our qualified store staff for further information with regards to maintenance.

SILVER TILE RANGE

Full height bathrooms (fully tiled floor and walls) add genuine value to any bathroom. Tiled areas retain a supreme look, are easily maintained and are impervious to water. This provides a long-lasting surface and healthy atmosphere and environment for your home. The continuation of surfaces throughout your house also results in optimal design and flow.

GOLD TILE RANGE

Great Design is all about flow and selecting a durable resilient surface that meets the requirement of the modern home. This should work in multiple areas to ensure you can enjoy life without worrying about damage to your flooring. Nature also attributes to this with the ravages of water and UV rays and tile is the only flooring you can use in all areas of the house with confidence.

Tile - outstanding design, creating flow that adds value to your home.

INTERIOR & EXTERIOR CLADDING

Choosing the right cladding for your home is an important decision. Considerations range from insulation and waterproofing to practical design and aesthetics. For centuries tiles have been successfully used as an exterior cladding material because of the diversity of look and design, as well as their durability characteristics.

MARMI WHITE, GREY, BLACK

A versatile product range ideal for the endless applications required by current residential and commercial spaces. Perfect for feature walls in kitchens, bathrooms and exterior spaces, for exterior cladding and for water features! Available in 160x400mm in White, Grey & Black.

20MM PORCELAIN PAVERS

Why Designers and Specifiers are choosing Porcelain over Concrete Pavers

• **Performance** • **Low Maintenance** • **Design**

20mm Porcelain Pavers are **twice** the thickness of traditional tiles and have all the benefits of a regular porcelain tile. They are the ideal paving solution in that they will not stain, fade and require no treatment!

Porcelain pavers tend to be more interesting in design compared to traditional pavers, and they often complement a 10mm porcelain range. This way they can be used both inside and outside creating internal, external flow.

What are the Benefits?

- Match exterior tiles for indoor-outdoor flow
- Slip-resistant
- Wear-resistant
- Huge range of options
- Highly resistant to heavy loads
- Quick & easy to install
- Removable
- Frost-resistant
- Colours do not fade
- Resistant to stains/spills
- Impervious/Mould resistant
- Allows water drainage

Create seamless exterior spaces onto compacted soil without the cost of concrete or onto raised floor systems.

"It's all about Kiwi Living"

MAKING DESIGN AND SELECTION EASY!

THE VISUALISER!
ONLY ONLINE AT
TILE WAREHOUSE

WWW.TILEWAREHOUSE.CO.NZ/THEVISUALISER

Make life easier for your clients during the consultation process by introducing them to the amazing **Tile Warehouse Visualiser**.

THE VISUALISER has been designed and built from the ground up as a tool on our website to assist clients in seeing completed living spaces with any selected tiles. A variety of living spaces and layout options have been included to best match each project scenario during consultation.

With the options to change the floor and wall tiles, layout designs and grout colours, **THE VISUALISER** gives the speed and flexibility to go through different types looks with clients on the spot. All available with a few simple clicks or even swipes on a smart phone!

New to Our Visualiser
- Load "MY OWN" image!

Now you can upload your own image and **visualise** our tiles in **your** room and living spaces.

Watch the Demo video <https://www.tilewarehouse.co.nz/thevisualiser/load-own-image/my-custom-room/>
